VEIS' HOUSING CRIPPLED BY POWER STRIKE

Nation's Largest Maker of General Electrical Fittings Curtailed By Stoppage In Pittsburgh

LATEST DEVELOPMENTS

BULLETIN
Pittsburgh, Oct. 18—(P)—Independent Union President George L. Mueller today was threatened with court action by leaders of an insurgent block who claimed they refused admittance to union headquarters to obtain a paid-up membership list. The rump group of the Independent Association of Employees of the struck Duquesne Light Company seeks arbitration in the dispute in which there is no sign of settlement. Attorney R. G. MacAllister, accompanied by three insurance leaders and two city detectives, charged they were kept out of the union offices.

Pittsburgh, Oct. 18—(P)—The crippling effect of a 25-day-old power strike here has affected seriously the national veterans' housing program, an industrial spokesman declared today.

George W. Hartner, advertising and sales promotion manager of National Electric Products Corp. of Ambridge, Pa., said the strike seriously has affected the firm's production which "has been going almost completely into veterans' housing."

The firm is reputed the nation's largest maker of general "roughing in" electrical fittings, employing 2,100 workers. The plant, virtually shut down in early days of the strike, now is back at 50 percent operation, but not 50 percent production. Hartner said the developments today high-lighted the 25-day-old power strike:

1. George L. Mueller, president of the Duquesne Light Company, a utility independent union, agreed to appear Monday in Washington before the house committee on Un-American activities.

2. A spokesman for the National Electric Products Corp. of Ambridge, declared the power strike "is crippling the veterans' housing program through the U. S."

3. The Allegheny Steam Heating Co., restored heat and hot water to about 300 downtown business buildings after AFL-teamsters' passed through power union picket lines to deliver about 20 freight car loads of coal. All buildings served will be heated by tomorrow, the company said.

4. Separate and joint sessions of union and company negotiators were held with U. S. Mediators yesterday, without any report of progress made.

Commenting on the invitation to Washington, President Mueller said he would go and take another official with him.

Mayor David L. Lawrence had rejected a similar invitation from the house committee, saying "I have no reason to believe that any communistic influences are influential in the strike."

NEW YORK SEMINARY IS RAZED BY FLAMES

Altamont, N. Y., Oct. 18—(P)—Fire fanned by a high wind razed La Salette Seminary in less than an hour today, causing damage estimated by the dean of the institution at \$100,000.

The three-story wooden structure, about 17 miles west of Albany, was purchased by the La Salette Fathers in 1924 and remodeled. The building, about 150 feet long and 75 feet in width, formerly was the Helderberg Inn, a widely-known hotel.

Liquor Interests Injected Into Campaign Discussions

Harrisburg, Oct. 18—(P)—Democratic State Chairman J. Warren Rickle said today Pennsylvania's liquor interests are raising "a high cash fund" for the election of Republican candidates in the November 5 election.

"This money is a payoff for favors they have received from the Martin administration," he said in a statement. "Those favors are reflected in the questionable purchasing policies of the Liquor Control Board, which have become a public scandal and in the complete breakdown of the control phases the liquor law."

Another statement issued by the public state committee quoted William H. Curtis, of Pittsburgh, chairman of the western division of the Negro Republican State committee, as assailing the "Democratically-created illusion that Pennsylvania negroes are dependent upon the Little New Deal for protection against discriminatory legislation."

New Theory Is Advanced On How Goering Eluded Guard To Slip Poison Into Mouth

By THOMAS A. REEDY

Nuernberg, Oct. 18—(P)—Hermann Goering probably slipped his poison vial into his mouth while seated on the toilet in a corner of his cell Wednesday night, prison officials theorized today.

Col. B. C. Andrus, prison commandant, showing correspondents the cell which had been occupied by the condemned reichsmarshal, pointed out that the toilet was so located that the guard, peering constantly through the door, could not possibly have seen the upper part of the prisoner's body.

It was recalled that Nazi Labor Chief Robert Ley managed to avoid detection in the same way when he hanged himself by attaching a wet towel to a plumbing fixture.

The legs and feet of the prisoner were plainly visible to the guard, who was instructed to enter the cell on the slightest suspicion. Some prisoners frequently objected to this, said Capt. Robert Starnes of Birmingham, Ala., a prison officer.

How the poison vial, contained within a two-inch cartridge, got into the cell remained a major mystery. Col. Andrus said it would have been impossible for Goering to conceal the cartridge on his person for any length of time. He said the prison doctor never at any time made a rectal examination of Goering after the Nazi leader was committed to this jail.

A high source, meanwhile, revealed that the Allied Control Council had rejected after long and bitter argument a proposal that the brains of Goering and the 10 executed leaders who followed him in death be examined scientifically.

The subject of examining the brains of the men condemned to death by the international military tribunal was raised in several sessions of the Four-Power Council for Germany, an anonymous but thoroughly reliable officer said, but it was vetoed each time.

With the ashes of the 11 dead Nazis scattered to the winds, it became apparent here that the decision to cremate the executed men, together with Goering, was made only a short time before Wednesday morning's hangings.

Prisoners and crewmen from the ship were preparing as recently as last Thursday for extraordinarily secret burials.

One new fact popped up in the Goering suicide investigation when a security officer said Goering had planned to take his life three months ago with a sharp piece of celluloid extracted from the earphones he used in the courtroom during the trial. He was foiled by an alert guard.

This tied to conflict with one theory—that Goering had the poison vial in his possession throughout the 10 months of the trial.

No Clues To Explain Crash In Wyoming

Laramie, Wyo., Oct. 18—(P)—From the mortuaries of this small, cold, wind-mauled Wyoming town, the bodies of 13 persons who died yesterday in the unexplained crash of a chartered plane were shipped home today for burial.

Passengers and crewmen from Canada and seven states were aboard the twin-engine aircraft that plummeted to a bleak, snow-blanketed prairie within sight of Laramie's airport just after midnight and burst into a thousand pieces.

A 300-yard path was ripped through foot-deep snowdrifts, with bodies and plane parts scattered on the edges, and in such a desolate trail of debris investigators from the Civil Aeronautics Board said they could find no clue that might explain the tragedy.

The plane, operated by the NATS Air Transport Service on a commercial route between Oakland, Calif., and Newark, N. J., was scheduled for a stop at Cheyenne, Wyo., but ran into a swirling snowstorm and zero visibility short of its destination.

It was a mystery.

Planes Seek Five Adrift In Atlantic

Philadelphia, Oct. 18—(P)—A blimp, plane and two coast guard boats today joined a search for a disabled 56-foot motor boat in which a Philadelphia clergyman and four other Philadelphians have been adrift on the Atlantic since Wednesday.

The boat, the "El John," was sighted 14 miles off Atlantic City, N. J., late yesterday by a coast guard P. G. Y. plane which dropped flares before diminishing gasoline supplies forced it to return to land. Coast guard crash boats dispatched to the area were unable to find a trace of the ship.

The boat, owned by Raymond W. Krommiller, left the marine harbor yacht basin, Somers Point, N. J., early Wednesday for a one-day deep sea fishing trip.

Mrs. Krommiller said those aboard with her husband, who operates two service stations here, are the Rev. John Gillespie, vicar of St. Bartholomew's Episcopal mission; James C. Hess and Fred Mansman, oil company employees, and Henry Dodroff, 38, milk company executive.

U. N. COUNCIL TRUSTEESHIP IS ASSURED

Definite Promises of Agreement Received From Great Britain and Australia

TRUMAN WILL SPEAK

Lake Success, N. Y., Oct. 18—Definite promises of trusteeship agreement from Great Britain and Australia today virtually assured creation of the important United Nations trusteeship council at the coming session of the general assembly.

These, together with agreements already submitted by France, would provide the necessary number of trust territories required or establishment of the council, only major organ of the U. N. not yet in operation.

The only factor which might delay creation of the Council is the possibility that the assembly might fail to approve the trusteeship agreements, which outline terms under which the trust territories would be administered.

The opening U. N. session, in New York next Wednesday, will be addressed by President Truman, who determined to make the trip following a 50-minute conference yesterday with Secretary of State Byrnes.

Informed quarters said an Australian agreement on New Guinea had been completed and was either on its way to the U. N. secretary-general or actually in his office.

While submission of British agreements on Tanganyika territory, the Cameroons and Togoland was not so imminent, British circles said the agreements were virtually completed and definitely would be turned in during the assembly session.

The two agreements submitted by France concerned French Togoland and the French Cameroons. If only France, Britain and Australia offered agreements, the Council's initial membership would be determined automatically by the charter, with these three countries serving as administering states and the United States, Russia and China as non-administering states.

Livestock Receipts Show Heavy Slump

Chicago, Oct. 18—(P)—Receipts of livestock at the nation's terminal markets dropped off heavily today in preparation for the usual weekend closing of packing plants and because of sharply lowered prices on most grades and classes yesterday.

The early top price on hogs today was \$23.20, the same as yesterday, but this was up \$3.00 from the popular top price by mid-session yesterday. Cattle and sheep were lower.

Receipts at the 12 principal markets today totaled an estimated 45,900 hogs, compared with 135,000 yesterday, 4,037 a week ago, and 17,032 a year ago. Cattle, estimated out at \$2,300 today, 86,800 yesterday, 9,192 a week ago, and 15,733 a year ago, while sheep were 60,000 today, 74,400 yesterday, 39,980 a week ago, and 35,786 a year ago.

Although livestock has flooded the country's major stockyards since removal of price controls yesterday, packer spokesmen said today there will be little fresh meat dinner tables over the weekend.

Traders in the Chicago cattle pens reported a bearish sentiment with most early bids from \$1 to \$4 lower throughout. Movement was unexpectedly slow because of an appreciable holdover from yesterday and not enough deals had been completed by mid-morning to establish a market.

It was a mystery.

Hunt For Windsor Jewelry Reaches Across The Atlantic

London, Oct. 18—(P)—An intensive hunt for the thieves who stole part of the Duchess of Windsor's jewelry extended today into Europe and reached across the Atlantic as authorities proceeded on a theory the daring crime was the work of international gem thieves.

The tweed-clad duke, who had come to England for a private, quiet visit, himself valued the loot at not more than \$30,000. Speaking from his temporary home at Sunningdale, where the robbery was committed Wednesday night, he told British newsmen he was deeply concerned and annoyed at "the exaggerated reports of the value of the stolen jewelry," which a one British newspaper placed as high as \$2,000,000.

Scotland Yard, supreme headquarters of a ramified investigation, put its criminal investigation division's most astute minds to work on the case. R. M. Howe, assistant commissioner and one of the nation's foremost crime specialists, took personal charge of the hunt, which is reaching into the haunts and hideouts of known crooks in Britain and continental countries, on the theory that the thieves had tried or would try for a quick getaway from England.

The jewelry was taken from the duchess' bedroom in the Ednam lodge home of the Earl of Dudley in Surrey Wednesday night by a "cat burglar," who, police said, evidently climbed an ivy-encircled pine to a second-story window.

Triple Trade Develops Into Three Home Runs

Warren, O., Oct. 18—(P)—This triple play developed into three home runs:

The Long Island man, moving here, advertised he would swap his Long Island apartment for one in Warren, but got no direct takers.

A Warren couple, moving to St. Louis advertised the Long Island apartment in exchange for one in the Missouri city, and landed a trade.

The Long Islander took the Warren couple's apartment, they took the one in St. Louis and the Missourians took the one in New York.

BYRNES SET TO REPORT ON PEACE MAKING

Secretary of State Expected In Radio Talk To Lash At Criticisms of His Foreign Policy

AT TEN THIS EVENING

Washington, Oct. 18—(P)—Secretary of State Byrnes drafted a report to the American people today on the diplomatic conflict between the United States and Russia.

Top authorities suggested he would make use of the occasion to lash back at criticism of his foreign policies by former Secretary of Commerce Henry A. Wallace.

Byrnes, who returned yesterday from the Paris peace conference and received President Truman's congratulations on a "most excellent job," was scheduled to broadcast for 30 minutes beginning at 10 p. m. tonight. NBC and some AIBS stations arranged to carry the speech.

In writing his address Byrnes was reported to have two principal objectives in view:

1. To try to knock down Russia's charges that the capitalist world is seeking to encircle the Soviet Union.

2. To smother the Wallace implications that his policy toward Russia is a policy of "toughness" and should be softened even at the risk of action which, in Wallace's words, might be called appeasement.

Those in a position to know say Byrnes will reaffirm his basic idea of American-Russian relations with a declaration that the United States intends to stand absolutely firm on its principles where major interests are involved and yet to deal patiently with all difficult issues.

The secretary's speech thus will be that so much a report on the work of the Paris conference as a discussion of the state of relations with the Soviet Union.

Sylvania Arranges \$10,000,000 Loan

New York, Oct. 18—(P)—Sylvania Electric Products, Inc., has negotiated a \$10,000,000 credit agreement with a group of banks, Don G. Mitchell, president, announced today.

The loan runs for five years with an interest rate of 2 percent and carries the right of prepayment.

Mitchell said the credit would be used to furnish more working capital and to provide funds for acquiring additional plants and facilities, some of which were owned by the government and used by Sylvania during the war.

More production facilities and greater inventories were said to be necessary because of the company's expansion in all fields of lighting, radio and electronics. Sales in 1946 are expected to be well over the \$70,000,000 mark compared with about \$20,000,000 in 1941, the statement said.

Bengal Women Advised To Suicide To Avoid Dishonor

New Delhi, India, Oct. 18—(P)—Mohandas K. Gandhi advised women in the riot-torn areas of eastern Bengal province tonight to commit suicide by poison or other means to avoid dishonor.

The spiritual leader of India's Hindu-led congress party spoke briefly at a prayer meeting. Congress party sources in Calcutta reported that the spreading Hindu-Muslim violence in Bengal's Tipperah and Noakhali districts had left thousands dead.

K. N. Dalal, president of the Eastern Chamber of Commerce and president of the Noakhali Relief and Rehabilitation Committee, said in Calcutta the total number affected by the riots in the two districts was "not less than 100,000 in all."

He could give no estimate of the number of killed and wounded, but said 300,000 square miles were affected and 3,700 refugees thus far have arrived at five Calcutta relief centers.

The Moslem government of Bengal said casualties were not heavy, but this was denied by Surendra Mohan Ghosh, president of the Bengal Provincial Congress Committee, who estimated that at least 5,000 were dead and more than 50,000 were affected since the trouble began October 10. The Bengal government would make no estimate of the casualties.

Gandhi, addressing several hundred squatting listeners in the untouchables' colony here, advised "every one running the risk of dishonor to take poison before submission to dishonor."

In the official version of his statement given out by his secretary, no reference was made to other means of suicide, but listeners fluent in Hindustani said he also advised women in imminent danger of dishonor to use knives or guns to kill themselves, or to throw themselves into the water to drown.

Chief Naylor said the children, 8-year-old Catherine Rose Evans and 10-year-old Joseph Donald Evans, were well cared for and appeared fond of Seth. The girl sat on Seth's lap, Naylor said, as police went to arrest Seth, for whom an abduction warrant had been issued at Camden.

Communists Reject Kai-Shek Proposal

Peiping, Oct. 18—(P)—Communist headquarters at Yenan today broadcast a virtual rejection of Chiang Kai-Shek's latest truce proposal. Details were not available and observers were awaiting the next broadcast in the hope of learning more. Chiang's offer was made two days ago through General Marshall and U. S. Ambassador Stuart.

Government troops meanwhile launched a general counter offensive along the Red-held northern sector of the Peiping-Hankow railroad in a stepped-up move to rescue Paoting, capital of Hopeh province.

French troops poured into the Sungtzing sector, 40 miles south of Peiping as the Communists evacuated that city rather than make a stand there.

Meantime, 50,000 Communists, including reinforcement, struck at Paoting from strong points five to eight miles from that surrounded city.

BULLETINS

Manila, Oct. 18—(P)—President Roxas forwarded to the U. S. embassy today a protest against reckless driving by American soldiers, held responsible for 50 percent of Manila's traffic deaths. Ambassador McNutt endorsed the protest and passed it on to army headquarters.

Tokyo, Oct. 18—(P)—The United States will observe Navy Day in Japan Oct. 27 with open house for American citizens aboard the cruiser Chicago, destroyer Collett and minesweeper Champion, and commemorative services at the Commodore Perry Memorial at Uraga, south of Tokyo.

Manila, Oct. 18—(P)—The Nueva Ecija province provost said today 400 Hukbalaahap guerrillas seized Pantabangan and ousted town officials.

Tokyo, Oct. 18—(P)—The imperial household staff has been reduced from 8,200 persons to approximately 4,000 in the first occupation. Allied headquarters said today.

Binghamton, N. Y., Oct. 18—(P)—A 72-year-old woman suffered a broken leg today in a scramble of 400 women seeking to purchase scarce soap chips and shortening at a local market.

PAY CONTROL IS DISCUSSED BY CABINET

Secretary of Interior Declines To Elaborate On Meeting With Pres. Truman

MAJOR DEVELOPMENTS

Washington, Oct. 18—(P)—President Truman and his cabinet discussed wage controls today as the administration pushed ahead with plans to take federal curbs off the economy, pegged to a Nov. 1 deadline for removal of most price ceilings.

Secretary of the Interior J. A. Krug, emerging from the 50-minute White House session, said the cabinet members had talked about wage controls "a little bit."

Asked whether there would be any action soon with respect to pay controls, Krug inquired, "what do you mean?"

A reporter said he wanted to know whether there would be any action on the status of the Wage Stabilization Board. Krug replied that the board had not been discussed.

The secretary said that the subject of pay controls themselves had come up, but declined to elaborate.

The administration's program for ridding the American economy of federal restraints clicked into high gear today, with November 1 set as the deadline for scrapping a great majority of wartime price controls.

A high official said that foods, services and many commodities will be taken out from under ceilings by then—two months or more earlier than had been planned before President Truman's meat decision.

For the somewhat less immediate future, he added that price lids will remain on rents, automobiles, building materials, refrigerators, furniture, basic clothing items and farm implements.

Major developments on the fast-moving decontrol front included:

1. Flour, bread and other bakery products figured in speculation as the next important food items to be freed of price ceilings.

2. Coffee went off the controlled list completely. And price lids

Mother and Two Tots Found Dead In Car At Williamsport

Williamsport, Oct. 18—(P)—The bodies of Mrs. Helen Frey, 29, Williamsport, and her two small children were found today in a parked automobile along the old Montgomery pike about two miles east of Williamsport.

Coroner Clarence Martin said death was due to carbon monoxide fumes.

A passing truck driver discovered the bodies when he investigated the parked automobile, with the motor running.

The children's ages were three and a half years and 18 months. Lt. C. A. Pfeigor, of the Williamsport city police, said the husband and father, E. Herman Frey, reported his wife had been despondent in recent weeks.

Pfeigor said Frey reported the family retired as usual last night but that when he arose at 5 a. m. to go to work he found his wife, the two children and the family car missing.

The truck driver, Leon Fritz, of nearby Linden, discovered the bodies in the parked car about 9:30 a. m. in an offset from the road in a home connected to the exhaust pipe was extended through a partially lowered window of the car.

ENCAMPMENT INSTALLS

Erie, Oct. 18—(P)—Installation of officers of the Pennsylvania Grand Encampment of the International Order of Odd Fellows yesterday closed the group's 17th annual convention. Wilkes-Barre was selected as the site of next year's gathering.

Army Planning Discharge Of 435,000 By End of the Year

Washington, Oct. 18—(P)—The army, suffering from a case of payroll jitters, marked down 435,000 officers and men today for discharge by year's end.

But whether there still may be a return to draft calls after the current two months induction holiday expires December 31 remained unclear.

Here are the figures: The army had a total strength of 1,745,000 on September 30. Congress says it may not have more than 1,070,000 by next June 30.

So, to reach that figure gradually, the present number will be cut to 1,310,000 by December 31. That will be done mainly by getting rid of the last of the men drafted in 1945. In addition the air forces must discharge 850 wartime officers in addition to those leaving the service voluntarily. And men in all branches who have shown "ineptitude for military service" also are to be given their walking papers.

Crash Victims File Suit For Over a Million

New York, Oct. 18.—(P)—Suit for \$1,100,000 against an aircraft firm and three individuals has been filed in federal court by three ex-soldiers, including two Pennsylvanians, who say they were injured in a forced landing in the Pacific last year.

Harry D. Toben of Philadelphia, seeks \$400,000, and Donald R. Mitchell, of Cambridge Springs, Pa., and Ernest A. Haydel, of New Stryker, La., ask \$350,000 damages each, for serious injuries which, they say have impaired their earnings capacities.

Named as defendants were the Consolidated Vultee Aircraft Corp.; the light engineer of the ship, John C. Patrick of Tulare, Calif., and crew chiefs Harley E. Mash of Hickam Field, Hawaii, and Harry L. Janek, of West Texas, Tex.

The complaint said that the three soldiers, on army orders, boarded a transport plane operated by the defendants, and that about 500 miles east of Oahu, Hawaii, the plane's crew "ditched" it for lack of gasoline. The crew had failed to properly measure the gasoline gauges, the complaint charged.

Warren Men Attend Meet In Olean, N. Y.

The following members of the Warren Chamber of Commerce, President E. W. Johnson, Secretary A. F. Kottcamp, W. S. Clark, W. H. Cannon, James H. Franz and J. Russell Hanson, drove to Olean, N. Y., on Wednesday to attend a National Affairs conference under the direction of the United States Chamber of Commerce.

Donald Marcellus, of New York City, manager northwestern division, Chamber of Commerce of the United States, was the first speaker. He outlined the purpose of the conference and later conducted a question and answer period.

Truman D. Weller, of Washington, D. C., National Affairs advisor, of the United States Chamber, spoke on "The Road to Better Government."

About 80 men were present from 16 Chambers of Commerce and Boards of Trade. The conference had for its object the organizing of an active National Affairs committee in each community. The meeting was interesting and informative.

W. S. Clark is chairman of the National Affairs committee of the local Chamber of Commerce.

State Police Probe Into Two Crashes

State Police from the local sub-station were called out about six o'clock last evening when a three-way crash occurred on Route 62 at Russell. W. R. Coole, North Warren, told the officers he was proceeding south when he was blinded by the lights of an approaching vehicle and was unable to stop in time to avoid hitting another southbound car driven by Wayne C. Grant, of Russell.

The Grant car it was learned, was pushing a third car operated by Fred C. DeWatter, Russell, RD 2, and then struck from the rear by Coole, in turn crashed into the DeWatter machine. Willis B. Eby, North Warren, riding with Coole, suffered a cut on his forehead. Police estimated total damage to the three cars at about \$250. No action is being taken, pending further investigation.

Earlier yesterday, about 12:30 p. m., the State Police investigated an accident which occurred just west of the E-N crossing curve on Route 6. Duane Swanson, 37, of Cranestown RD 3, stated he called to stop his 1938 Chevrolet sedan in time to avoid striking a Dodge truck owned by the Pen-telec and operated by Carl Bright, 22, of Warren RD 3. The truck was not damaged, but Swanson's machine will take about \$50 for repairs.

GUN CLUB TO MEET

An important meeting of the Cornplanter Gun Club is scheduled for Monday evening at eight o'clock at the club house on the Page Hollow road. All members are urged to attend.

TO INTERVIEW VETERANS

Jackson Paulson, War Assets representative from from the Erie office, will be at the American Legion, Warren, on Monday, October 21st, from 10 a. m. to 4:30 p. m. to interview veterans interested in surplus property.

DIST. GOVERNOR COMING

Lewis Briggs of Erie, district governor of Rotary International, will speak at the Warren Rotary Club luncheon at the Y. W. C. A. Monday noon. Mr. Briggs will meet with the club council at 11:00 o'clock preceding the regular meeting.

PASTORS' MEETING

Warren County Ministerial Association will hold its regular meeting at 10:30 a. m. Monday at the Y.M.C.A. The program will consist of the first of a series of discussions on "The Pastoral Office," the initial topic being "The Pastoral Call," led by Rev. Milton H. Peery, First Baptist Minister.

SAILING FOR HOME

Montgomery Farnsworth, Park street, has received a cablegram from his daughter, Lieut. Rowena Farnsworth, U. S. Army Nursing Corps, that she will sail from Bremerhaven today with a group of nurses for the United States. She has been stationed at Frankfurt, Germany, for some months. Whether or not she will receive her discharge on arrival in this country is not as yet known.

GOT BIG ELK

A telegram received yesterday by Mr. and Mrs. E. N. Knudsgaard, Pleasant township, announced that their son, Aubrey Knudsgaard, was successful in bringing down a large elk while with a hunting party in Idaho. Aubrey, who is at present manager of an airport at Wapakoneta, O., flew the group of hunters to the Idaho mountains for the hunt. The group has been in the mountains for two weeks and Aubrey says he got his elk on the second day. He will fly the party back to Ohio today if the weather conditions permit.

TWO-WAY RADIO

The fire truck of the local office of the Department of Forests and Waters is now equipped with a two-way radio which has already proved its worth or forays into the woods, fighting fire. Two of the fire towers in the county are also equipped with two-way radios. State police cars will soon have two-way radios for use in patrolling highways in this section and discussion has also been renewed for the equipping of the chief's car with the fire department with a similar outfit that used by the police. It would be valuable on many occasions.

New Cars On Display Here For First Time

At 12:01 today doors of the Kaiser-Frazer Agency here were swung open and the public was given its first view of the machines which have roused much comment over the country. Models of both the Kaiser and Frazer cars are shown.

The sales room of the new building erected especially for this agency here the cars were placed under strong lights so that the beauty of the finish and of the machines in general could be noted. Decorations of flowers, palms, etc., had been arranged in the show room and crowds visited the place throughout the day.

Messrs Hanna, Duell and Frost composing the Hanna Motor Sales Company were on hand together with factory and district representatives to aid in eulogizing the cars. The many points of difference from other standard models were well explained. The roomy size of the new cars won much comment as well as their other features.

Later this month a meeting of distributors and dealers will be held at the big Willow Run plant where the assembly lines are speeding forth cars at present. Each person attending will drive home a car and decision will be made as to quotas, etc., for this season.

MAKING GOOD TIME

The two big sales rooms and motor supply stations under construction, one by Suppa Brothers on Pennsylvania avenue west and the other by Crosbys, of Youngs-ville are coming along in good shape. The Suppa Sales rooms and garage of brick construction is about ready for the roof while the walls of the Crosby building which will house farm machinery are also going up rapidly. Both should be under roof before snow flies. Both will be worthy additions to the section wherein they are being built.

ARE KNOWN HERE

State Police promotions announced Wednesday include two men well known in Warren. Sgt. Marcus White, who commands the sub-station at Kittanning, is advanced to first sergeant and assigned at Punxsutawney. Formerly employed here at Stuthers-Wells, it was in Warren he came by the nickname "Boilermaker" White. The second is Acting Sergeant Raymond A. Blythe, brother of Jim Blythe, Corry, who is promoted to sergeant.

PUBLIC INVITED

The public is invited to the Forest County 4-H Bee Club meeting to be held in the Tionesta school auditorium Tuesday, October 22, at 8 p. m. E. J. Anderson professor of agriculture at State College will judge the honey and review results of the research work in bee keeping done at State College. W. W. Clarke new extension bee specialist will also be present. W. S. Jeffries, assistant state club leader will score the record books and give highlights of 4-H activities in the state this year. Although the season this year was short over 1200 pounds of honey have been extracted by the Bee Club this year.

BOB GOT AWAY

Inquiry today develops that the bear which was wounded during the shooting of bears at the David Johnson home near Weldbank this week got away. It was followed for some distance by blood on the ground and it left quite a trail but it was finally lost in the woods. However it is expected that the lure of the honey, once tasted will bring the animals back to the bee hives. Mr. Johnson is waiting for them, with a new supply of shells. Reports from Forest county are that bears are damaging hives there and that several bee raisers have taken shots at the animals who were pilfering honey.

Alexander Wilson, early American naturalist, was attracted to bird study by the beauty of the red-headed woodpecker.

Kaiser Special Design Is Outstanding

Low silhouette and graceful body lines make the 1947 Kaiser Special outstanding among automobile style leaders. The new six-passenger, 100-horsepower automobile combines unprecedented seating width with its streamlined exterior.

New, advanced body lines, unprecedented seating width and increased visibility are features of the new 1947 Kaiser Special automobile now on public display here for the first time.

Careful attention to the factors which provide passenger safety and comfort has been given in designing the automobile, a product of Kaiser-Frazer Corp. The new 100-horsepower car is a full-size, six-passenger automobile with a wheel base of 123 1/4 inches.

A major achievement in passenger comfort has been gained in the new automobile by location of the rear seat well forward of the rear axle and wheel housings, so that all passengers are

seated in the best riding positions. The advanced location of the rear seat provides greater space in the rear luggage compartment, and has made possible unsurpassed width of seat cushions, 62 inches both front and rear.

Increased visibility has been provided by moving the front pillar posts back, increasing the angle of 765-square-inch windshield, and providing greater side vision for the driver. Exceptional rear vision is provided, too, by the 44-inch wide rear window.

Mechanical features include an all-steel body with safety glass throughout, and a rigid box-type frame, large self-centering brakes and extra wide wheel rims provide steering safety and stability on turns at high speeds.

Longer-stroke shock absorbers have been incorporated into the chassis design for riding comfort and to enable the driver to maintain perfect control. Independent front wheel suspension is effected through helical springs, while semi-elliptic springs, rubber mounted with rubber inserts between the leaves, are used in the rear.

Exterior door handles are of a new type which operate by gentle pressure on a "trigger" concealed in the inside curve of each handle. The handles are designed so that there are no open ends to catch in clothing.

Interior appointments are featured by push-button door latches,

an attractively designed instrument panel and deep cushion seats.

With an overall length of 203 inches, the Kaiser Special has a silhouette of only 64 1/2 inches and is 72 1/2 inches wide at its widest point. The front and rear treads are 58 and 60 inches, respectively, and the tire size, 15 x 6.50.

The engine, developed by Continental Motors in cooperation with Kaiser-Frazer engineers, is of I-head design and has a bore of 3 5/16 inches and stroke of 4 3/8 inches. Ideal for today's improved gasoline, the compression ratio is 7.3:1. Other power features include aluminum alloy pistons, a forged counterweighted crankshaft with four main bearings, rubber engine mountings and automatic choke.

Fall Foliage To Be At Its Best Next Sunday

While last Sunday saw hundreds of automobiles touring the highways of the county those who have occasion to drive through the rural districts hold that next Sunday the autumnal coloring will be at its peak. It is expected that many cars from surrounding areas will improve the opportunity to get out and view the painting done by Dame Nature.

Photo supply shops report that sales of colored film this week have been heavy to the camera folk who plan to snap some beauty spots of the county next Sunday. If the weather is fair and the sun bright the trees and shrubs will

stand out in a brilliant array of color. Telephone advices from Pittsburgh are to the effect that many cars from that city will be in the parade and that so there will be glad to get out of the strike bound city even for a few hours to feast their eyes on something else than pickets.

Mass foliage will be especially fine along the river if the day be fair as the river has held back the chills that seem to act in bringing out the colors. Leaves have not fallen off the trees along the river hills to any great extent and Dame Nature's Fashion Shop on Sunday will be par excellence if only the sun will shine.

Full Program For Pow-Wow Of Cubbers

The committee in charge of the Cubbers Pow-Wow have arranged a full program for Saturday afternoon and evening for those interested in Cubbing in the Warren Boy Scout Council. HOW JAPAN MOVES TOWARD DEMOCRACY

THE NEW CONSTITUTION APPROVED BY THE JAPANESE DIET, WHICH WILL BECOME LAW NEXT APRIL, IS A LONG STEP TOWARD DEMOCRACY IN NIPPON.

IN THE FUTURE, JAPAN WILL BE GOVERNED UNDER A PARLIAMENTARY SYSTEM—WITH REPRESENTATIVES ELECTED BY THE PEOPLE.

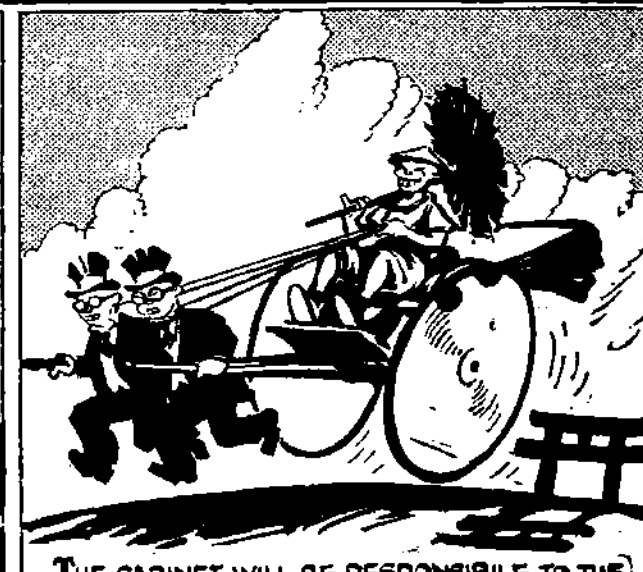

THE ONCE "DIVINE" EMPEROR WILL BECOME MERELY A SYMBOL—SOMEWHAT LIKE THE KING OF ENGLAND.

ARMED FORCES AND WAR ARE "OUTLAWED"—PUBLIC OFFICE IS CLOSED TO MILITARY MEN.

THE JAPANESE GENERALLY BELIEVE THAT THEIR ARMY-LESS COUNTRY WOULD BE DEFENDED BY THE U.S.—THIS WOULD IMPLY A PERMANENT CLOSE RELATIONSHIP WITH AMERICA.

THE CABINET WILL BE RESPONSIBLE TO THE TWO ELECTED HOUSES IN THE DIET, THUS ASSURING THAT THE PEOPLE WILL HOLD THE FINAL VOICE IN HOW THE GOVERNMENT IS RUN.

SOCIETY

Adventist Group Repairs Garments or Overseas Aid

The Dorcas Society of the Seventh Day Adventist church met the home of Mrs. George Gates, 1844 Bush, for an all-day session on Wednesday.

The society has received a request for used clothing and bedding to send to people in countries here all has been lost because of the war and where there is very little clothing to be had, even if they had the money. The day was spent in repairing used clothing which had been donated to the society. About 140 garments were repaired, a quilt was tied and mended, ready to send.

At noon a bountiful dinner was served. A short devotional program was held to conclude the day. Each one gave a scripture verse and, after a short prayer, Mrs. Harold Yates gave a short talk.

Mrs. Yates attended the world conference of Seventh Day Adventists in Washington in June and asked with some of the missionary families who were interned during the war, so she was able to tell of the trying experiences and hardships of many who live in foreign countries.

Odds and Ends

Mr. and Mrs. Fred Donovan, chairmen, announce today the following persons will comprise the committee for the Halloween Costume ball to be held by the Conewango Valley Country Club: Mr. and Mrs. David Higgins, Miss Mary Catherine Gaughan and Robert Schindler. The affair is planned as a masked ball, with prizes awarded wearers of the most original, funniest, and most beautiful costumes.

The date selected for the affair is Saturday, November 2, with dinner at eight and dancing from 9:30 to 1:30 o'clock to the music of Harry Summers' Orchestra.

Along somewhat the same lines, the younger set of the community is getting all set for the Spooks Spring which is scheduled on the Beauty school premises on Saturday night of this week. Something unusual is looked for in the way of decorations and entertainment, the committee keeping in mind the seasonal motif. Cards sent out to alumni indicate the annual Clarendon State Teachers College Homecoming Day has been set for Saturday, October 26, with a 2 p. m. clash between Clarendon and California State and the homecoming dance in the gym at 9:30.

Some very nice things Cornelia Chapin had to say at the Woman's Club on Monday about Marion Sanford's work and "Tommy" herself confirmed the fact this was her first visit to town in eight years. Alumni and other friends in Warren are interested in announcement that several events on the homecoming schedule at Thiel College on November 2 will pay honor to the college's best-loved and most faithful alumni, Tod Russell, for many years graduate manager of athletics. No admissions until the close of the first scene is the advice give those who plan attendance at tonight's performance of "My Sister Eileen." Curtain is at 8:00 o'clock and a word to the wise—well, one looks slightly foolish standing about in the foyer after the doors have been closed.

HONORS NIECE AT SHOWER PARTY

Mrs. Ida Riva entertained at her home in Fifth avenue Wednesday evening in honor of her niece Mrs. Richard L. McKillip, the former Joyce Dorrance. The evening was spent in visiting and comparing a cook book of favorite recipes after which the 18 guests, all relatives of the bride, snowed her with an assortment of lovely gifts.

At a late hour a two course buffet luncheon, featuring a heart-shaped wedding cake, was served from a table appointed in white. A miniature bride and groom under a canopy formed the centerpiece, flanked by tall tapered Mrs. Harold McKillip, mother of the groom, poured.

The happy couple will be at home after November 1 in their apartment at 515 Water street.

You'll Be Sorry!

When folks go out of their way to tell you something nice, you can usually depend upon their sincerity—and superlatives of all sorts have been used to describe last night's opening performance of "My Sister Eileen" at the Woman's Club.

With very few seats remaining unsold, the opening curtain at 8:00 o'clock found the large Players' cast letter-perfect. It was soon evident the audience was pleased beyond all expectations and both director and players were showered with compliments.

Box office reports indicate a few good seats left for tonight, and the membership committee, realizing that a season membership or all four plays is still available, Curtain will be at the same time tonight.

Report Given On Mental Hospitals Is Of Interest

One of the most interesting publications issued recently by the State has arrived at the desk of the Times-Mirror. It is an illustrated and comprehensive report on Pennsylvania's mental hospitals.

A total of 1290 patients were occupied usefully off the wards. "As of May 30 there were 80 authorized positions vacant."

A program of work done at the state hospital was outlined some time ago for the State Welfare Department to pass upon and it has been certified on the post-war program as soon as materials are available.

LUDLOW

Ludlow, Oct. 14—Regular services were held in Moriah Lutheran church on Sunday morning with the Rev. Hans Pearson delivering a sermon entitled "The Lord's Day." The choir sang "The Voice of a Psalm" by Norman. Swedish service was held at four o'clock. Brotherhood members are reminded that next Sunday is Brotherhood Sunday so are urged to attend services.

The Martha Society was entertained on Wednesday afternoon in the Moriah church parlors with Mrs. Oscar Mortenson and Mrs. Jolmer Mattison as hostesses. Program for the day centered around the boxes of blessing with the theme read by Mrs. C. J. Carlson, a vocal solo by Mrs. Emil Nelson, and prayers by Mrs. Ed. Wenstran, Mrs. Wales Connelly and Mrs. M. I. Jones. Christmas cards were distributed to members later who will sell them as a Missionary project. Refreshments were served in the late afternoon to a large group immediately following the benediction which was pronounced by Rev. Hans Pearson.

Among those entertaining for the Lutheran Circle's new project which includes a lecture and display given by a representative of a Paper Products Company have been Mrs. R. W. Wenstran and Mrs. Gustav Olson. Both hostesses had at least ten guests each and reported a large sale.

Lutheran Brotherhood met on Thursday evening in the church proper with Messrs. C. J. Carlson and C. E. Carlson as hosts. There was a splendid attendance. The business meeting was conducted by the president, E. W. Johnson. Program for the evening included a piano duet by Misses Shirley and Margaret Ann Swanson, reading—E. O. Nelson, vocal solo—Mrs. Emil Nelson, reading—Herman Hanson, and talk on Japan by Neil Johnson. Lunch was served in the late evening. The church council met prior to the Brotherhood meeting.

Services were held in the Covenant Mission at eleven o'clock on Saturday with the Rev. Roberts of the City Mission of DuBois giving the sermon. The service was well attended.

Community

The American Legion Auxiliary met on Tuesday evening with Mrs. L. B. Connelly hostess at her home.

home. There were thirty members present which included several new members. The meeting was opened by the out-going president, Mrs. Silas Johnson and later taken over by the new president, Mrs. Clyde Gilfert. New officers are: first vice, Mrs. M. I. Jones, second vice, Mrs. L. B. Connelly, secretary, Linnea Swanson, treasurer, Mrs. Ray Swanson, Sgt. at Arms, Mrs. Olga Wallin, and historian, Mrs. Vernon Swanson. Mrs. E. O. Nelson was elected delegate to attend the Inter County Council which is to be held in Mt. Jewett on October 26th. Three new members were welcomed: Mrs. Dan Swanson, Miss Violet Swanson and Mrs. Karl Olson. Refreshments were served at the close of the business meeting. During the business meeting it was decided to have future meetings in the I. O. O. F. hall and a similar type of lunch. All members will be responsible for securing new members.

The leaders and committee of Ludlow Girl Scouts held a twelve dinner at the home of Mrs. Walter Cox on Thursday evening, with about fifteen guests present including Commissioner Weld of Warren. The business meeting was conducted by the Chairman of Ludlow committee, Mrs. Walter Cox. With regret, the committee decided that evening to discontinue Girl Scouts in Ludlow since it was impossible to find leaders for all groups. It was decided to hold the committee treasury intact for one year until further plans are made.

The Ludlow Study Group held its regular meeting on Monday and was entertained by Mrs. Enoch Nelson in her home. The president, Mrs. Melvin McCleary, conducting the meeting. A paper prepared by Mrs. Walter Cox entitled "What's Wrong With Our Air Lines" was read by her which was very interesting. Coffee was served in the late evening.

The American Legion sponsored another prize party at the I. O. O. F. hall on Wednesday evening for the Community Building Project. It was highly successful. The door prize of a lamp was won by the little Ramundo boy. Master of ceremonies was Erlend Olson.

The Assembly Program at the high school was given by the 5th and 6th grades under the direction of Mrs. Melvin McCleary. A play entitled, "When Mother Went Away" was given which the following children as characters:

Mary Anna Connelly, Philip Swanson, Lewis Jones, Hope Carlson, Katherine Thornton, and Joan Begeny. A reading was given by Gary Swanson, a piano solo by Susan Anderson, and several selections by the orchestra under Miss Maxwell. Mr. Waite announces a change in time for the Assembly, from now on at 11:05 a. m. Troop No. 50 of Ludlow Boy Scouts camped over the weekend at Scoutdale and reported a good time in spite of bad weather.

Several Ludlow football fans attended the hotly contested Jamestown-Warren game and others attended the anticipated Kane-Johnsonburg game Saturday. These games were played under handicaps with the weather being so blustery but all the above enjoyed them nevertheless.

SOCIETY

Trinity Memorial Women Hostesses For Convocation

Trinity Memorial church women were hostesses Tuesday for the 29th annual meeting of the Woman's Auxiliary Convocation of the Erie Diocese, of which Mrs. Richard Hansen has been the presiding officer for the past three years.

Sessions began with the Holy Communion, with the Rev. Beecher M. Rutledge officiating, assisted by the Rev. Richard L. Kunkel, of Ridgway, and the Rev. W. S. Crum, of Kane.

The business meeting followed immediately, with an address of welcome by the pastor, who introduced the Rev. Edgar Neff, of Atlanta, Ga., one of three national field executives of the Episcopal Church of the United States. Rev. Neff gave a very detailed and interesting picture of the program to be carried on in the church, both at home and abroad, throughout the world.

Other speakers were Rev. Kunkel, who spoke on the triennial convention recently held in Philadelphia; Mrs. Samuel de Graff Pearson, of New Castle, speaking on the United Thank Offering; Mrs. A. N. Werner, Titusville, who told of the Woman's Auxiliary convention in Philadelphia; and Mrs. E. M. Matland Dubois, of Clearfield, on her work as educational secretary in the diocese.

After the noon luncheon and noon-day prayers, Miss Margaret Stach consultant in religious education, of Erie, spoke on the youth program of the church.

The election of a vice president for the Convocation of Ridgway resulted in the choice of Mrs. Elton Porter, of Smethport.

Delegates to the meeting included women from Smethport, Ridgway, Kane, St. Marys, Clearfield, DuBois, New Castle, Titusville and Erie.

The Clearfield parish extended an invitation to the convocation for the next meeting.

WHEN IT'S a Need to Fill—Let

BROADWAY

By JACK O'BRIAN

NEW YORK—Radio player Ethel Everett's mom didn't want her to be an actress, taking the attitude that it is not an admirable trade for a young lady of refinement and culture. . . . She fought the idea until Ethel was chosen from an audition of 500 aspirants to do Talking Books for the Blind, literature recorded for the sightless. . . . This cleared the air, and mom said Ethel could go ahead. . . . "I didn't know theatrical people did anything so noble," she added.

Newest 52nd Street swing-sation is Beryl Booker, a gal who has an imaginative piano at the Three Deuces. . . . Her style is a cross between Art Tatum's and Teddy Wilson's. . . . Nicky Blair is having his Carnival Club re-decorated by Russell Patterson, who wants to do it with a rustic motif taken from the rodeo across the street in Madison Square Garden. . . .

Bandleader Meyer Davis, who became a multimillionaire when he looked at a five-and-dime store and decided he could start a chain of dance orchestras, has another idea in the works. . . . He'll organize a nation-wide chain of stock companies, utilizing movie and stage "names" to head casts of lesser theatrical note. . . . The Geri Dorsey who stars opposite James Melton in the La Scala Opera Company is Mrs. B. Ogden Chiselm of New York's social register.

Lutherans To Raise Upsala Chapel Funds

Lutheran churches in this area are participating in the ingathering of a fund of \$200,000 for a chapel to be built on the campus of Upsala College, East Orange, N. J. Upsala is supported by the eastern conferences of the Lutheran Augustana Synod.

The ingathering in the majority of the churches will take place October 20-21. More than \$35,000 has been received in advance gifts according to an announcement by Dr. Evald B. Larson, president of Upsala.

Plans for the chapel fourth unit in Upsala's ten-year building program, are being drawn by Jens Fredrick Larson, of New York City. It will be colonial in design and accommodate 500 people.

Rev. N. G. Gustafson, pastor of St. Paul's Lutheran church here, is a former member of the board of trustees of Upsala and is serving as chairman for the ingathering in the churches of the Warren District.

Youth Sunday At Trinity Memorial

A special service will mark the observance of Youth Sunday in Trinity Memorial church on October 20 with an 8 a. m. corporate communion of young people of the parish who have been confirmed. A light breakfast will be served by the committee of which Barbara Schmutz is chairman.

The sermon at the 11:00 a. m. service will be particularly directed to youth.

At 3:30 p. m. boys and girls from Episcopal churches and missions in the Fourth District, comprising the counties of Warren, McKean and Cameron, will meet for a youth rally.

They will join with PAK to have supper at 6:10 and attend church of Tomorrow at 8:15 p. m. The speaker will be the Very Rev. Leslie F. Chubb, of St. John's Episcopal church, Dunbar, N. Y., who is affectionately known as "the young people's pastor."

Brotherhood Sunday will be observed at the morning service in St. Paul's on October 21. Members of the Lutheran Brotherhood will have a special part in the service.

Six eclipses are scheduled for this year, two of the moon and four of the sun.

Modern Design Featured In October House-of-the-Month

Although modern in conception, the basic theme of the October House-of-the-Month is an old tried and proven one off ring maximum economy in construction as well as true satisfaction in everyday living efficiency.

Currently featured by the Warren National Bank as their most recent contribution to better community building, this modern little home measures but thirty feet in width including the attached garage, permitting it to be placed on a narrow lot without sacrificing one bit of its capacity of charm.

The sun deck, a spacious 12'x26' above the garage, should be of particular interest to those who crave the healthful benefits of sunshine and plenty of air. Metal fittings, or other appropriate framework, make possible the use of a colorful awning to provide cool shade during the hottest hours of the day tending to further enhance the general appearance of the exterior as well. Access to this spot is from either of the two bedrooms comprising the second floor plan. Cross ventilation is secured in both these rooms with emphasis placed on the large wind-dowed areas of the "master's" room for good light, air and cheer. "Him and Her" closets are also a part of this sleeping room with a generous closet serving the other bedroom.

The location of the central bath at the top of the stairway is ideal and convenient to all rooms. Ample storage room for linens and blankets is afforded by two closets flanking the bathroom entry.

When greeting guests at the front door there is none of the usual crowding in a tiny foyer for the entry is directly into the living room with the recessed coat closet appropriately stationed. The placement of the open hearth next to the completely windowed corner of the living room is delightful and offers no limitation in selection and arrangement of furniture. The stairway, opening as it does from one end of the room, lends a decorative touch and gives this room an even wider appearance. The elimination of a door between the living room and the dining room is in keeping with the feeling of spaciousness. A full view of the rear garden is captured by the four windows swinging out from the delightful dining area insuring pleasant mealtimes. Directly adjoining the dining room is the convenience kitchen laid out in the shape of a step saving "U" with stove, sink and cabinets, all within "pivot" range. The shielded service entry is next to the basement stairs to facilitate direct access to the basement four laundry, ash removal and store food delivery.

The advantages of the attached garage should not be overlooked for it is well shielded by the porch and entry to provide absolute protection in inclement weather. This large area has space set aside for work benches and storage for garden tools, and a rear door leading to the garden.

In selecting a plot of land on which to build, it is not always possible to procure one that is perfectly flat. Challenging this problem, provision has been made in The Jackson's plan for its possible construction on a hillside lot. Although originally planned with a flat roof, provision is also made for a pitched roof that would be equally attractive, if preferred.

As is the case of all House-of-the-Month, The Jackson has been designed to conform with the standards and construction requirements of the FHA and the complete electrical layout has been checked and approved by the National Adequate Wiring Bureau.

Stop in at the Warren National Bank for your free colored sketch of this and many former House-of-the-Month. Posters, 1/4" blueprints, specifications and material lists are also on display for your information and guidance in selecting your future home.

Clothing Is Needed By Fire Victims

An appeal has been launched by the Salvation Army for the Wilkins family whose home in Alekey Hollow was destroyed by fire on Wednesday. The family lost all of their clothing, household goods, much foodstuffs, etc., in the flames which levelled the home and threatened the garage of the family for a time.

With the exception of the clothing worn by members of the family at the time of the fire all is lost. Their need is great and it is to be hoped that Warren's usual splendid spirit will be evidenced in a generous outpouring of goods and cash.

The mother wears a size 32 garment and the children's ages are: boys, 9, 6 and 1 year while the girls are 8, 4 and 2 years of age. Clothing of all kinds for children and mother are needed. At the present time the family is staying with a neighbor and an effort is being made to find them a place of habitation and when that is done there will be need of furniture and bedding of all kinds.

The case is a sad one as the home was comfortably furnished and the family was enjoying a good living. Any hanging articles to aid in making the family comfortable will please call the Salvation Army or bring the garments to the Army building.

PLAY THE HAND AS THE CARDS LIE

BY WILLIAM E. MCKENNEY
America's Card Authority

It has always been my opinion that Louis Watson, who died about 10 years ago, was one of the greatest card players of all time, and that his book, "Watson On the Play of the Hand," is one of the best ever written. When I watched Peter Leventritt play today's hand out in California, I said, "That was a typical Watson hand." It was Watson's belief that if the card had to lay in one particular way to make the contract, that was the way to play the hand. Leventritt played it according to the Watson theory.

CAMPAIGN NEWS

RICE

Unlontown, Oct. 18—(P)—The administration of Governor Edward Martin was last night accused by John S. Rice, Democratic gubernatorial nominee, of "sabotaging" labor legislation.

Rice told party followers Martin had taken advantage of the war years "to complete the sabotage," he said "has been going on ever since Arthur James (A Republican) took office in 1939."

"The administration defeated liberalization of the unemployment compensation law, and successfully fought off amendments to make the injunction act workable, thereby setting the stage for much of our recent labor strife," Rice declared.

He also said "the veteran is fed up with the run-around he has received from the Martin administration and is not being deceived by the promises in the Republican platform."

OUT FOR MARTIN

Erie, Oct. 18—(P)—The independent Erie Dispatch-Herald, which for decades has declined to endorse political parties, today in a front page editorial threw its support to the candidacy of Governor Edward Martin, Republican nominee for the U. S. Senate.

The editorial said Governor Martin "happened to be a Republican" but his intellectual growth has carried him far beyond the "hide-bound conservatism that or too long has made the Republicanism the symbol of reaction."

Kenneth D. Tocill, co-publisher and editor, said the newspaper tomorrow would endorse James H. Duff for governor but would make no choice for lieutenant governor.

REPUBLICAN

Media, Oct. 18—(P)—Governor Martin says the American way of life, threatened by "poor fiscal policies, inflation, governmental interference and heavy taxes," can yet be saved if government is returned to the people under the constitution.

Campaigning for U. S. Senator on the Republican ticket, Martin told a Delaware county rally last night at Yeadon that the "danger signals which warn of disaster ahead x x x are the outcome of 14 years of Democratic 'new deal confusion and corruption.'"

"Freedom of worship, speech and action can be retained only by constant vigilance," he said. "We cannot be free unless we are financially sound. A government continually spending more than it receives in taxes must go broke. That makes a receivership and a socialist state. Our living standards will be lower. Our freedom will be lost."

Attorney General James H. Duff.

campaigning for governor on the ticket with Martin, told the same audience:

"We have heard a great deal in America about a good day's pay. That is fine. But what we need to hear again is about a good day's work for a good day's pay. What we would like to hear is that the bureaucrats have taken a vacation and that the rest of us have gone back to work."

Dragons Invade Owl Domain; Jackets To Meet Vets

WARREN INJURED NOW BACK IN ACTION AFTER NICE REST ON THE BENCH; OWLS POTENT

The atomic Owls of Bradford, when they meet the less dynamic, but still dangerous, Warren Dragons at Bradford tonight at 8:15, will make a battle that won't cool off for a while.

Coach Leidig's boys have been looking pretty nice, although the breaks have refused to come their way, and the Dragons will be keyed to take anything and everything, as well as give what they can for the cause. The cause, of course, is the string of defeats suffered by the Dragons.

J. E. isn't too hopeful, but he believes that an upset is possible and is leaning it to the team to play for Warren High with everything.

On the other hand, the Owls will be out after blood, because of their loss to the Erie Academy bunch, and will try to hit Warren as hard as possible. Bradford is known for its lack of mercy on the gridiron. They pounce a team until it is unable to score another point.

Practices this week have ironed out some of the major faults of the Dragons and they will be in tip-top shape.

Frank Shanshala is up to his old form after being out of action since the Franklin game and Elmer Dutchess, another Warren injury, is set for action. Lopez, Leonard and Duckett will round out the local backfield, which will be all set and rarin' to go. Whether or not they get any place will be a

thing that won't be known until tonight.

Some real stars spark the Owl attack. With Fingle, Ray, Frampton and DiFonzo in the backfield, the Owls will not have to worry about a weakness in that department. Lank Van Sickle, a big country boy, will be a noticeable cog in the wheel of the Owl defense.

It has been rumored that a good many passes have been called too close to the opposition's goal line, when the grandstand quarterbacks think line plays should be run. No sides will be taken in that discussion, for it is certain that all the wrinkles of this sort were ironed out in the daily practices.

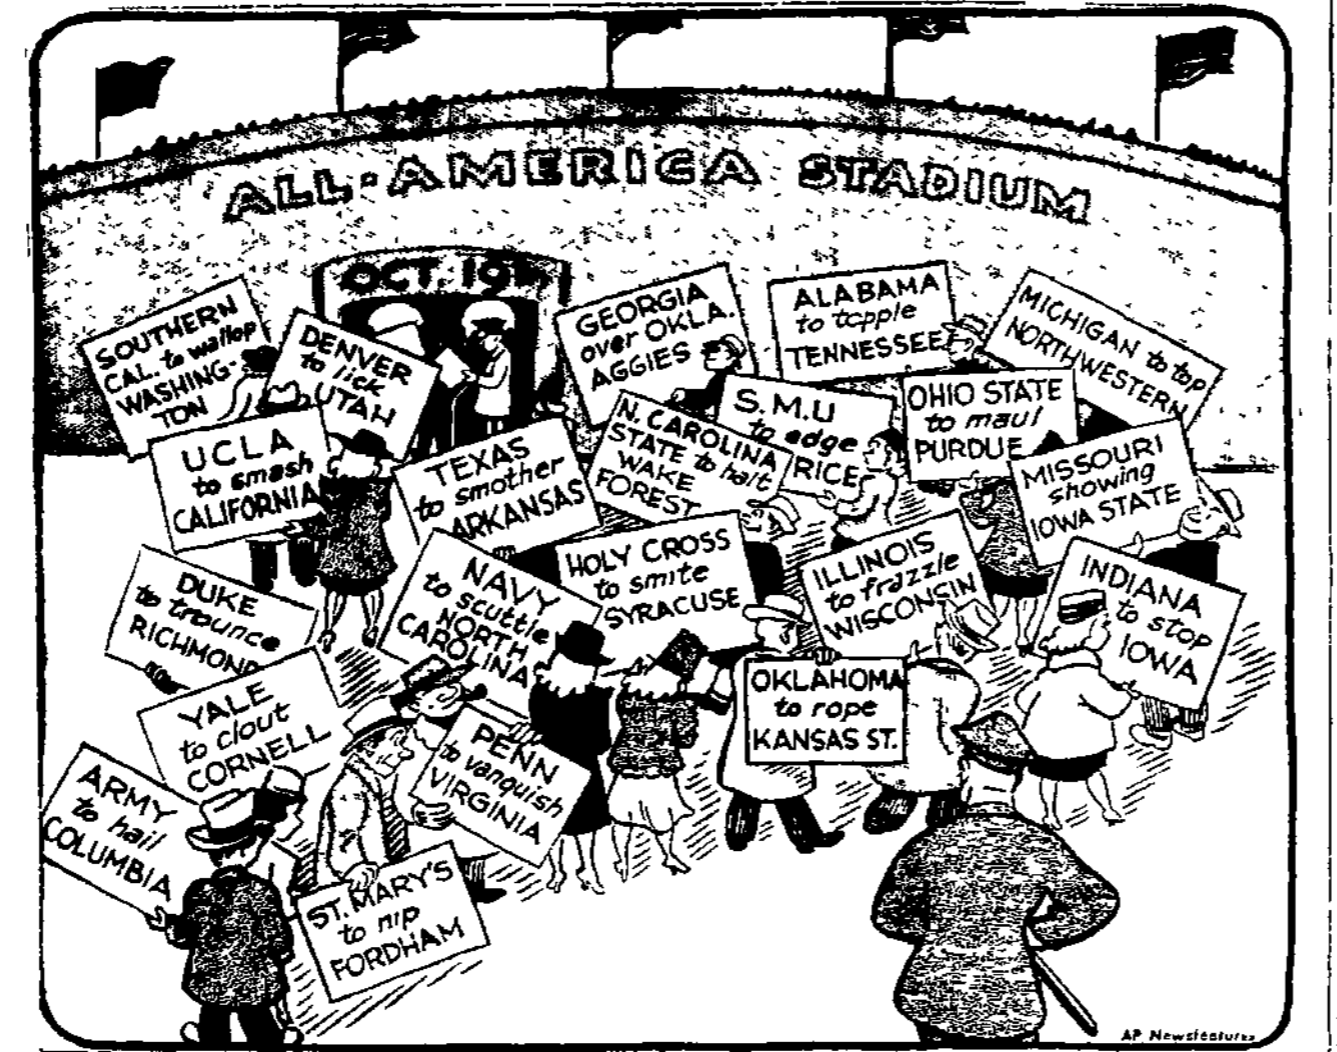

There being no school today, the squad will have a good day's rest after a solid night's sleep starting the regular 10 o'clock deadline, so the team will undoubtedly be in fine shape to represent Warren High.

The locals leave on a bus this afternoon for Bradford, where a rain-soaked field awaits them.

FOOTBALL PAYS

While no reports are ever made public in Warren by school authorities of football profits, Corry's school board is not so reticent. A recent note from Corry shows the profit in that town from football as follows:

A profit of \$1700 was realized in the first three football games held at Loveland Field, Union City game netted \$500; Youngville game \$450; and the Titusville game \$750.

BOWLING

Jack Allen, one of Warren's leading southpaw bowlers, pounded the 1-3 pocket for games of 225-213-210 and a new high three game total of 648 to lead his team, Pete's Grill to a four point win over Coe's Paints. Fazio also turned in a 587 total, including a 224-213 games for Pete's Grill.

COMMERCIAL

Olson-Ejers Service took four points from Rudolph's Barbers with Sweetland's 211-204-577 and Poppalardo's 548 leading the scoring for each team respectively.

U. C. Travelers and Penelec split their match as Zaprowski's 500 led the scoring for both teams. Chummet's Grill won three points from Times Square Service to stay in the runner-up position in the league and next week finds them pitted against Pete's Grill for the league leadership. Harvey's 221-538 and Johnson's 544 led their teams in scoring respectively.

Allen was the first Warren bowler to get a free haircut offered by Farr's Barber Shop for bowling 615 or over.

SHEFFIELD WOLVERINES MEET WITH YOUNGVILLE SATURDAY AFTERNOON AT WILDER FIELD

Eagles Hold Upper Hand In 23 Years of Bitter Rivalry

INJURIES WITHHOLD MEN

A county clash that will bring much comment from the interested fans as well as the bet makers is the Sheffield-Youngville game, a game of bitter competition between two well balanced, evenly matched teams which will take place Saturday afternoon at 2:00 o'clock on Wilder Field at Irvine.

Records dating back to 1923, the first year records were kept by our western neighbor, show that the Eagles hold 15 wins over Sheffield against 8 losses and four ties out of the 27 clashes in 23 years.

The two teams met twice in 1923 and the Youngvillers scored 94 points in the two meetings against a fat zero garnered by the Wolverines, the Eagles also taking the lead in the total number of points scored, 306 to 186.

After a string of scoreless defeats starting in '28, the Orange and Black have made a comeback, defeating the Eagles twice in the last three games the last one being played on the Sheffielders home field earlier in the season.

Tommy Habzda, Sheffield letter owner and capable backfield man, has failed to be in the lineup this season because of a broken arm received in practice. Another practice injury is Bob Kasabak, giant line-man is absent because of a broken leg.

Charlie Jones, asset backfield man and kicking fleet for the Eagles, is marked out of the lineup for the remainder of the season of a broken leg received in the last Eagle-Wolverine meet. Dick Spencer is taking over the kicking duties and doing very nicely.

The clash between these two teams will be well worth seeing for the rivalry is one of the bitterest in this section.

Wyoming adopted its state seal Feb. 8, 1893.

"YES MAN"

My name is Fred Smith. I'm the "Yes Man" at Personal Finance Co. . . . that is—I'm the one who likes to say "Yes" to requests for Personal Loans.

You see—I'm the manager of our office—the one who's responsible for building up our business. The more times I say "yes" to requests for loans—the more business we do. And since making Personal Loans of \$25 to \$250 or more is our ONLY business—that's mighty important to me.

Therefore, if you need extra cash at any time—whether a little for a short time or a lot for a long time—you can depend on my doing my best to say "yes" to you.

Next time you can use a loan give me a chance to say "Yes"—won't you? I'll consider it a favor. See me at Personal Finance Co., 216 Liberty street, second floor, over Lester Shoe Store. Phone 285.

Thousands Of Fine Fish Are Saved By Local Sportsmen

Hard work on the part of sportsmen of this vicinity yesterday saved close to 4000 fine fish that were swimming and floating on the water above the Russell dam dying from stream pollution. With a man from the State Fish Hatchery and the fish commission directing the efforts men and boys from Russell, members of the Field and Stream Club and others worked until dark last night. The results attained were fine.

Armed with heavy muskie nets the groups scooped up the fish from the creek into tubs and they were placed in the truck. The transported down stream to North Warren. A pool was also made in Johnny run and two lads from Russell put scores of the fish in that fresh water. All of the fish revived rapidly when in pure water.

No fish under two pounds were given attention by the workers as they were anxious to save all adult fish if possible. Had there been more trucks and more workers thousands more of the fish could have been saved. Many are sanguine that the heavy rain of last night may aerate the water so that many of the fish floating in a daze would be revived. Sportsmen were bound for Russell this morning to view the scene.

One of the incidents of the pollution was the fact that thousands of crabs had scuttled ashore and in many places crabs made a mass on the shore six to eight inches deep where with moving claws they presented a peculiar picture.

Cause of the pollution as yet cannot be ascribed and there are a number of peculiar angles to it. All indications point to the fact that the pollution came from the Chadsack which was badly discolored by some substance. The Cassadaga and Conewango creeks above the junction with the Chadsack were clear. The greatest loss came at Russell just above the dam. Sportsmen feel that with the pollution coming down stream the fish swam downstream until they reached the dam. The creek is at one of its lowest stages in years and this fact made the position more potent.

Above the dam at Russell there are still hundreds upon hundreds of dead fish in the stream and many have visited the scene and many pictures have been taken. The investigation is still going forward.

Four years ago the Conewango suffered from strong pollution and thousands of fish were killed. Fish Warden Ross Bailey who is on the job in the present probing for pollution causes states that in his opinion the loss in the present pollution is only about 10% of what it was four years ago. However many fishermen feel that the fish life in the stream this time was not at the peak of four years ago and the fish were staging a comeback now rudely interrupted for years.

One of the peculiarities of the loss of fish is that the sportsmen yesterday did not see a carp nor a bull head. Bullheads had been reported as having been killed but the workers yesterday say they did not sight one of the dead and dying fish in the streams.

Contract Let For 7th Ward Voting House

Announcement was made at the office of the county commissioners that the contract for the erection of a new one-story voting house in the seventh ward has been let to Ludwig Peterson and construction will be started at once.

The building is to be erected on a lot purchased a few months ago on Onondaga avenue, between Biddle and Wayne streets. It will be approximately 28x19 feet, of brick construction, cement floor, steel windows, automatic heater, and rest room facilities.

This will be welcome news to voters in the ward who far years have been protesting against the necessity of having to wade through mud and water to reach the present voting house in Tremont street.

All Set For Big Community Party

Ten o'clock tomorrow morning is the hour set for rehearsal for floor show acts to be given at the Spooks' Swing, community youth party at Beatty school tomorrow night.

Decorating and set-up committees will get their heads together at the same hour on last minute plans. Connie McNulty and Carol Nelson are in charge of providing the seasonal atmosphere and Charles Sherman will handle set-up details. Serving as door committee will be Mary Alice Fischer, Joann Cameron and Betty Lauffenberg.

Creed Erickson, Jr., will have his hand on hand for dancing from 8:15 to 11:15 and will also participate in the ten o'clock floor show.

The Spooks' Swing is for all teens and twenties and a good turnout is anticipated.

BARNES

Barnes, Oct. 16—Mrs. L. L. Huston has received the news of the serious illness of her sister, Mrs. E. L. Shippey of St. Petersburg, Florida. Mrs. Shippey spent a great share of the summer in Pennsylvania, visiting her daughter in Bradford and was here with the Hustons at different times. She made a large circle of friends here, who will regret to hear of her illness.

Mr. and Mrs. Frank Ham of Los Angeles, Cal., and Mr. and Mrs. Dutton McGarvey of South Pasadena, Cal., were the house guests of Mrs. W. C. Hoyer and Mrs. F. J. Titus from Friday until Monday. Saturday evening, they were dinner guests of Mr. and Mrs. W. T. Hoyer and Mrs. V. D. Barnes. Sunday they spent in Sheffield, the guests of Mr. and Mrs. A. S. American. Mrs. Ham will be remembered as the former Amy Barnes McGarvey, daughter of the late Mr. and Mrs. H. C. Barnes, who spent much of her girlhood here in Barnes.

A meeting of the local P. T. A. was held in the schoolhouse Tuesday afternoon. The newly elected president, Mrs. Byron Miller, had charge of the meeting. Plans were made for a Halloween party which will be held in the schoolhouse, Friday evening October 25th. It was decided to hold the Tuesday afternoon in the third Tuesday afternoon of the month. The membership now stands at 33 and all patrons of the school are urged to attend all meetings and become members.
